## RECYCLING CENTRE

### RECYCLING BASICS

#### WHAT IS RECYCLABLE...AND WHAT IS NOT?

#### BEVERAGE CONTAINERS

Empty and rinse all containers. Flatten cartons.

##### RECYCLABLE

- Cartons and boxes
- Plastic bottles and jugs
- Aluminium cans
- Glass containers
- Tetra packs (milk, soy and juice only)

##### NOT RECYCLABLE

- Straws

#### BATTERIES

Clean and undamaged batteries. Sort batteries according to type.

##### RECYCLABLE

- Lead-acid batteries (e.g. automotive batteries)
- Select rechargeable batteries (Ni-Cd, Ni-MH, Li-ion, Pb)

##### NOT RECYCLABLE

- Non-rechargeable batteries

#### BOXBOARD

Flatten boxes. Remove lids and liners.

##### RECYCLABLE

- Cereal and cracker boxes (remove liners)
- Egg cartons
- Frozen juice containers (tin lids removed)
- Paper bags
- Shoe boxes
- Paper towel/toilet paper rolls

##### NOT RECYCLABLE

- Boxboard soiled with anything such as motor oil, paint or food/grease; tetra packs (excluding beverage containers)

#### CARDBOARD

Flatten boxes and remove any packing material

##### RECYCLABLE

- Appliance boxes
- Moving boxes
- Pizza boxes

##### NOT RECYCLABLE

- Styrofoam, foam packing material, cardboard soiled with motor oil, water or grease

#### ELECTRONICS

Clean and undamaged. Remove electrical cords and monitor bases.

##### RECYCLABLE

- Computer monitors and towers
- Mice, keyboards and cables
- Personal use printers, scanners and fax machines
- Televisions
- Cellular phones

##### NOT RECYCLABLE

- Commercial use printers, scanners and fax machines, computer speakers, stereos, video cameras, telephones, appliances

#### FLUIDS

Place fluids in original container. Container must be clearly labelled with product name.

##### RECYCLABLE

- Antifreeze
- Used oil (also filters and jugs/pails)

##### NOT RECYCLABLE

- Household cooking oil, brake cleaner, any fluid not listed above

## GLASS

Empty and rinse all containers.

### RECYCLABLE
